My thanks to the officers and committee for their invite to judge and to Stephen Bunce coming along to steward for me we had a very busy but enjoyable day

CHOCOLATE OR LILAC POINT BIRMAN ADULT FEMALE

1ST WITHELD

2ND Hand ESAYA BELSHAZZARCOCO Chocolate

This girls points do not match at all and facially she looks seal but has choc coloured legs and tail. She does have nice birman type with medium sized well set apart ears. Profile shows slight dip on medium length nose... Eyes of deep blue colour and almost round in shape. Nice silky soft coat with medium length bushy tail. Sparkling white tidy gloves', matching socks, nicely tapered matching gauntlets. Nicely presented and excellent temperament.

3rd Perkins ADSETLO BEWITCHED SABRINA Lilac

Again points colours do not match and gives the appearance of being blue rather than lilac. Her face is narrow and she is quite early at present with a weak chin. Profile would benefit from a slightly better dip. Rangy shape small body. Tail medium in length but very sparse in fur. Tidy gloves. Matched socks, Even length tapered gauntlets.

AOC MAINE COON MALE

1ST CC BOB Whitmarsh COONFLAKES ACE OF SPADES Black

A beautifully presented laid back showy boy with medium length head and square muzzle, chin firm and bite good. Nose of uniform width with shallow curve to profile. Ears large and tall well feathered and tufted at tips. Full round eyes spaced well apart with a slightly oblique set. A lovely frontal ruff. Large long body with rectangular appearance and of excellent substance body supported by substantial legs with large round paws and tufts of fur between the toes. Tail reaching to shoulder blades and the fur profuse. A lovely top coat to and a pleasure to handle.

AOC MAINE COON FEMALE

1ST CC WITHELD Geary LYNDONGRAEY MY FAIR LADY Tortie

L loved the colouring and intermingling on this girl. Substantial weight to her body which I would have liked a little more length to. Profuse flowing tail fur and the length reaching to her shoulder blades. Substantial legs with large rounded paws with tufts of fur between the paws. I would have liked a little more squareness to the muzzle, her eyes

were also very bold and lacked the oblique set and ears needed to be larger and taller but had lovely tufts to the tips.

2. Portsmouth CHANAMAC REDCLOUD – cream shaded

The head on this youngster needs to develop as at present it is very narrow and plain. Her coat colours is delicate and soft but very short at present. Eyes spaced well apart with slight oblique set. Tall ears. A long body of good weight.

BROWN OR BLUE TABBY MAINE COON KITTEN MALE

1ST BOB WITHELD Floyd MABALAKAT MONEY BUSINESS Brown Tabby

I liked this boy very much he had a medium length head with strong chin and square muzzle with a level bite. Fairly full cheeks and high cheeks bones. Nose of uniform width with shallow curve to the profile. Lovely full round eyes set slightly oblique. Large tall ears which were well feather and tufted at tips. A long rectangular shaped body of good bone supported by substantial legs with large round and tufted paws. Tail fur profuse and flowing but unfortunately he already had a greasy stud tail at the base which was my reason for withholding BOB on this lovely kitten. Excellent tabby coat patten and delightful manners.

BROWN OR BLUE TABBY MAINE COON KITTEN female

1. Cannell MABALAKAT HELPME RHONDA Brown tabby and white
The first thing I noticed on this kitten was the enormous tufts on the tips of ears which seem to make the ears look a little top heavy and detracts from the overall type. Head of medium length with square muzzle. Full round eyes with a slight oblique set. Profile show shallow curve. A rectangular body shape a lovely long tail with profuse flowing fur. A very glossy soft top coat of good pattern. Beautifully presented and excellent temperament.
