My thanks to the officers and committee for their invite to judge and to Karen Sergeant for coming along to steward for me, thank you Karen

IMPERIAL GRAND CHAMPION MALE

The first class of the day and not a good start unfortunately my steward got badly bitten and scratched. The concerns and apologies of the owner of cat in question was much appreciated

1IMP GR CH Murray GR CH TASSARE BOBBY DAZZLER Silver tabby and white Maine Coon

A very showy boy who was groomed to perfection and not a hair out of place. He had a wonderful temperament and was every happy to be handled. Medium length head with strong square muzzle. Nose of uniform width with profile shows shallow curve at the nasal bridge. Ears tall and large set well apart with tufts at tips and well feathered. Seductive full round eyes spaced wide apart with a slightly oblique set. Fairly full cheeks and high cheeks bones. Long tail with profuse flowing fur. A long body large in size and of excellent bone supported by substantial legs with large round paws with tufts of fur appearing from under his large paws. A lovely glossy silvery white coat with black tabby markings. Good frontal ruff with full breeches and shaggy belly fur. I understand this certificate makes him an imperial many congratulations.

RES IMP GR CH. BAILEY GR CH NICADAEMUS ROMANY MAGIC Blue Birman
An extremely naughty boy who had to be handled firmly and he would have happily also bitten my steward, I have experienced this boy's bad behaviour in the past. Good birman type however his eyes looked a bit deep set but were of good blue colour. Profile shows slight dip on medium length nose. Well developed cheeks and good chin. Ears of medium size and spaced well apart, a bluish white soft silky well prepared coat. Good blue points on head and legs however his tail is not of blue colour it is more lilac in colour but is bushy and medium in length. Good gloves and socks, nicely matched tapering gauntlets. A large body of very good substance.

RED CREAM OR TORTIE BIRMAN ADULT MALE

1 CC withheld Davies CARRISMOON AUTUMN GLOW Red

Looking rather early at present and rather small and feminine looking for an entire male. Almost round eyes of pale blue colour. Medium length nose showing slight dip to profile. Nice birman type with good chin and bite. A silky soft well prepared pale cream coat with orange points. A lovely bushy medium length tail. Nicely shaped gauntlets. Left glove untidy with an areas of colour on toe also has a small runner just past stopper pad on the left which was my reason for withholding the CC

I had the honour of judging best in show semi long hair kitten the final two gave me a real headache and took ages for me to decide between Baileys NICADAEMUS DANSE DEFEU a red birman male and Murrays ISADORYOU BUTTERFLY A tortie and white maine coon after being really picky I awarded it to the Maine Coon but I would have liked to have given to best in show kittens today.
