AC TURKISH VAN DAULT FEMALE

1CC BOB Fenwick Raven AMISTI GUZEL ILKBAHAR

This is one the best Turks I have seen in a long time with a temperament to die for she was gorgeous. A very attractive girl with a broad wedge, medium length nose with a barely perceptible dip to the profile and pink nose leather. Very expressive alert oval shaped eyes of amber colour. Quite large white ears sitting fairly close together and high on head with shell pink insides and well feathered. A sturdy body with well boned medium length legs, neat nicely rounded and tufted paws with pink pads... Full brush which was balanced to her body length. Coat long and silky of chalk white colour. Excellent colour marking to the head that do not extend onto the ears and marking on head separated by a vertical blaze. I could not fault this girl with the exception of some slight and it was very slight staining on her backs legs but on such a wonderful exhibit this could be easily ignored.

1PC GR CH AND PR DUBROVA ROMINA

An extremely attractive 7.5 year old female presented in immaculate condition with superb grooming. A Long silky soft coat with a very bushy medium length tail. Thick medium height legs with short thick paws. I would have liked just a little more length to her head and her ears were a little small but well spaced apart. Profile shows slight dip. Very full cheeks and a strong chin with good bite. Wonderful contrast with rich seal points. Symmetrical gloves and even socks, nicely matched tapering gauntlets and all sparkling white. A long strong body of good substance. The most wonderful temperament.

BEST OF BREED Seymour GR PR FANCYPAWS MRBOJANGLES

The seal neuter class was a fabulous class and I could have given best of breed to all 4 I really enjoyed this class.

RED CREAM AND TORTIE POINT BIRMAN MALE

1PC BOB BRigliadori & Robosn SHWECHINTHE FUZZYWUZZY cream

A full soft coat of off white colour with pale cream points contrast. I would have liked this boy to have had better birman type as he was rather plain and I would have liked his almost round blue eyes to be a little larger in shape as they gave an oblique shape appearance. Ears had good width between them and were of medium size. Full cheeks and good chin with level bite. Good body shape with a bushy tail that was a little short in length. Even gloves and socks. Nicely matched tapering gauntlets. Sweet mannered boy I understand this makes him a premier – well done.

AV ADOLESCENT SEMI LONG HAIR ADULT

1. Maimgran ZELADDDNDONII AWREN Blue silver tabby Norwegian female
A very nice elegant forest cat with excellent triangular shaped head and alert expression. Slightly rounded forehead with long straight profile although I found the profile tended to be a little roman nose. Large ears that were wide at the base and sitting high on head with long hair out of the ears. Large oval eyes set slightly oblique. Strong chin with a good bite. A nice ruff with knickerbockers. A long strongly built body of solid bone structure supported by high well striped legs with large tufted paws. Long bushy ringed tail reaching to the shoulders. A smooth top coat covers the woolly undercoat and was nicely presented and showing defined tabby markings. Absolutely delightful.

2. Jordan Lombard and Lombard Jordan PHATPAWS MY WICKED WAY Seal colourpointed ragdoll male

The points on this young boy particularly the legs were more chocolate than seal in colour and he was also brindled on his tail. He was however a very nice boy with a silky medium length dense coat which has been beautifully prepared. Broad head with flat plane between medium sized ears that had slight tilt forward rounded at the tip and well furnished. Medium length nose showing gentle dip to the profile. Well opened large slightly oblique set blue eyes. A long muscular body with broad chest supported by medium height legs of good bone with large round firm and tufted paws. Long bushy tail

slightly tapering towards the tip and in proportion to body however as previously mentioned a little brindled. Excellent temperament.

AV SEMI LONG HAIR KITTEN

1. Whitmarsh COONFLAKES TEQUILA SUNRISE Tortie tabby Maine coon female. A very showy kitten who was enjoying the attention and her day out. Fabulous head shape being medium in length with square muzzle and firm chin. Fairly full cheeks with high cheek bones. Nose of uniform width with shallow curve at bridge. Ears wide at the base nice and large and sitting tall on head with good featherings. Lovely expressive full round eyes set slightly oblique. An excellent body shape and length with strong legs and large round paws which had tufts of fur appearing from under the paw. A profuse flowing tail with the length reaching to the shoulder blades. For one so young this kitten had a long glossy top coat which was richly coloured with shades of red and black throughout and the colouring was extremely distinct and attractive. I loved her to bits but was a little concerned about her bite that was a little undershot.

2. Watson ISADORYOU FIRE ANDICE Red silver tabby and whit Maine coon male This well grown boy of just four months had the most delightful manners. A delicately coloured coat showing defined tabby markings which had been beautifully prepared. Nose of uniform width shallow curve at bridge. Copper well opened bright eyes with slightly oblique set. Tall large ears wide at the base with good featherings. Well boned legs with large paws which had tufts of fur appearing from under the paws. He had that clear off look which I love about the Maine coons

1. Mcquilkin NORACOON GORGEOUS GEORGE Red silver tabby Maine coon male . I had this very bad tempered boy when he was a kitten and he was extremely naughty then but the last time I judged him he was o laid back but today he was extremely naughty. He is a big boy strong lad with a long heavy body supported by strong legs with large paws. A long tail with profuse flowing fur. Excellent medium length head with strong square muzzle and firm chin. Fairly full cheeks and high cheek bones. Shallow curve at the bridge of the nose. Eyes spaced well apart and full and round I shape with a slightly oblique set. Tall ears which were large and wide at base with good featherings. A very glossy top coat of rich colours and showing good tabby markings and beautifully presented. However we had to be very quick with him as he is a very powerful boy.
